

At nursery, we have been...

• **Settling into nursery**

The children have settled into nursery and have been getting to know the routine of the nursery day; choosing different activities to play with, having snack, tidying up and joining in with group times. The children have become familiar with putting on aprons to paint and waterproof clothes and wellies to play in the mud kitchen.

• **Exploring the season**

We have had conkers all over the nursery! The children have been using scoops to pick up the conkers and pour them down ramps, painting conkers and making patterns with conkers and leaves. The children have been making owls with pinecones, feathers and googly eyes. We have also been making prickly hedgehogs in the play dough.

Books we are reading:

'Dear Zoo'

'The Colour Monster'

'Owl Babies'
